WARRANTY

UNDERSINK DRINKING WATER FILTRATION SYSTEM - MODEL ECOP20 (not including filter cartridges)

Warrantor: Ecodyne Water Systems, 1890 Woodlane Drive, Woodbury, MN 55125

One Year Warranty:

Warrantor guarantees, to the original owner, that the Undersink Drinking Water Filtration System (ECOP20), when installed and maintained in accordance with the instructions, will be free from defects in materials and workmanship for a period of one (1) year from the date of purchase.

Lifetime Warranty:

Warrantor guarantees, to the original owner only, that the Undersink Drinking Water Filtration System (ECOP20) will be free from defects in materials and workmanship for the lifetime of the owner, provided that:

- The system is installed and maintained in accordance with the instructions in the same home where it was originally installed.
- The owner replaces both the pre and post filters every six (6) months and registers their purchase of the EcoPure ECODWF filter cartridge set on www.ecopure.com. Purchase of no more than two (2) ECODWF filter sets in a 12 month period may be applied toward compliance with this warranty.

Failure to adhere to the above requirements from the date of purchase voids the lifetime warranty.

If, during such respective periods, a part proves, after inspection, to be defective, Warrantor will, at its sole option, either replace or repair the part without charge except normal shipping and installation charges. Labor to maintain the equipment is not part of the warranty. Filters, which are expendable, are not covered by the warranty.
